

## Pick and Mix Home Learning

Alongside our usual homework expectations around daily reading, spellings practice and learning number facts (number bonds and times tables), we would also like to encourage the children to engage with our wider topic at home. These activities are completely optional and are intended as an opportunity for the children to explore our school curriculum creatively. On the last **week** of term, we would encourage the children to bring any pick and mix home learning they have done or photos of some of the things that they have been up to into school to share with the class.

### Year 5/6 – Spring 2 – Bristol
