Activity 5 – 2.12.22

Paper chains

You will need:

Paper

Glue or sellotape

Method

1. Cut your chosen **paper** into strips.
2. Take one strip of **paper** and curl around so the two length ends meet and stick.
3. Feed your next strip through the middle of your first **chain** link and stick the two ends together.
4. Repeat until you've reached the length of **chain** that you want.

Extension – can you create a pattern.
